

Harvest Time is an exciting, hands-on event held annually during October at the Beaufort Historic Site that gives 4th grade students a chance to experience life in colonial times. There are two sessions per day, each lasting about 80 minutes with stations such as corn harvesting, candle dipping, woodworking, and food preservation.

If you would like more information about this program, estimated pricing for this program, or would like to schedule your class we encourage you to call our Office Manager or BHA Education Director at 252-728-5225. If they are not available, please leave a message with the volunteer on duty.

If you would like a copy of the Student Packet that contains pre-visit and post-visit information and activities, please let us know when you call.

We look forward to seeing you and your students on site for a memorable and educational Harvest Time!
